MESSAGE FROM MISS BRAMLEY

The children have made a fantastic start to the new school year and have settled back into school life incredibly well. We have already had visits from the dentist and enjoyed a lovely trip to St John's, giving the children some great experiences outside of the classroom. They have shown such enthusiasm, as well as our values of respect and perseverance. We are incredibly proud of how well they have returned to school and how wonderfully they are doing. They really are doing us proud!

SIAMs Inspection

Hopefully you received the email sent earlier this week, letting you know that our school will have its SIAMS inspection on 22 September 2026. The inspection will celebrate the impact of our Christian vision and involve speaking with members of our school community. A report will be published approximately three weeks later, highlighting the school's strengths and identifying areas for future development. The report will be available on both the school and SIAMS websites.

Archie, Rabbits Class

RABBITS CLASS 2026-27

We have been so impressed with our new EYFS pupils and how wonderfully they have settled into school life. They have quickly become familiar with our routines, are beginning to learn and work together, and are happily playing, exploring and discovering their new environment. It has been lovely to see their confidence growing already, and we are very proud of the fantastic start they have made. Thank you, families, for supporting us during their transition.
